Hat Box with Bow – Square
OASIS® Bio Floral Foam Brick

Magic for Mum

An explosion of Lilies, Roses and Orchids will put a lucky spell on that special day in May.

Square hat boxes have been cleverly stacked to create a tower in this design. Even the lids with their pretty bows have been incorporated and each box is a different size.

All are Pink and White but packs of three also come in Lilac and White or Cream and Gold. Perhaps you'd prefer a round hat box? These are also available.

fresh designz® talk

Welcome to another issue of **fresh designz®** where we introduce the OASIS® NATUREBASE® Bio Florette for the first time.

We featured the OASIS® NATUREBASE® Bio Floral Foam Ring in the last issue and both products have enhanced biodegradability that extends to their bases making them popular with florists. See what Richard Go does with them on pages 6 and 7 and enjoy his Mother's Day journey on the preceding pages. Visit www.oasisfloral.com.au to purchase any of the products featured in these designs.

Happy Floristry!

Lynette Todd, Editor

Photographer: Craig Peihopa

Designer: Richard Go

Step 1. Fill hat boxes with OASIS® Bio Floral Foam Brick and stack to your desired configuration. Secure each additional box with a peg/skewer or a thick stem.

Step 2. Base arrangement with sprigs of preserved Fern, add some sprigs towards the back of the large box and repeat with the second and third boxes. Dip freshly cut stems of Rose Lily in Floralife® Quick Dip and insert stems into foam to create a focal point.

Step 3. Reflexed Spritz Roses add height to the design and fill the negative spaces with sprigs of preserved Hydrangea and Hypericum. Dip freshly cut stems of Phalaenopsis Orchids in Floralife® Quick Dip and insert into the foam on an angle to act as canopy over the Rose Lily.

Step 4. Add a stem of preserved Ming Fern at the back of the arrangement for colour and textural contrast. Create floral and spiral patterns with the Aluminium Wire before inserting into the top hat box so it cascades down to link the designs together. Spray completed design with Floralife® Finishing Touch.

Hat Box with Bow - Square
Product code: 41-01123
Size: Large: H 14.5cm x Dia 18.5cm
Medium: H 13cm x Dia 16.3cm

Bush Tucker

Natives leap out of a rustic tin pot just in time for Mother's Day lunch.

A change from more traditional colours and textures this arrangement will suit the outdoors loving mum. A pair of Chrysanthemums are surrounded by a trio of Banksias and a duet of Siam Tulips.

The perfect balance.

Step 1. Fill the Tin Jorvik Pot with a soaked half brick of OASIS® Bio Floral Foam. Unravel and crunch the Rustic Grapevine Wire to create a nest then place on top of the tin container.

Step 2. Base the arrangement with sprigs of Eucalyptus and English Box leaves. Firmly insert Banksias into the container ensuring that each Banksia head is a different height.

Step 3. Dip freshly cut Chrysanthemum stems in Floralife® Quick Dip before adding into the arrangement. Insert two stems of Siam Tulips to establish height and textural contrast. Spray completed design with Floralife® Finishing Touch

Perfect in Pink

When a busy mum is on the move give her a design that's easy to carry.

Apricot Tulips complement the pink Roses and Porto Bag that holds everything together. This bag with cord handles also comes in a very pale blue called Cuban Duck Egg.

It's lightweight and when filled with OASIS® Bio Floral Foam becomes even more environmentally friendly.

Step 1. Line Porto bag with a plastic liner and fill the box with soaked OASIS® Bio Floral Foam. Crunch Aluminium Wire and wind it together forming a figure eight. Place wire on top of the container then base with sprigs of preserved Fern and rolled Cordyline leaves.

Step 2: Dip Tulips stems in Floralife® Quick Dip before inserting into the OASIS® Bio Floral Foam. Cluster Tulips together and enhance the parallel design with Siam Tulips.

Step 3: A couple of nestled Roses will add focal areas. Spray completed design with Floralife® Finishing Touch.

Size: W: 35cm x L: 5 metres
Pack quantity: 1 roll

All products available at www.oasisfloral.com.au

Photographer: Craig Peihopa

Designer: Richard Go

Calla lilies escaping through copper mesh symbolise a spiritual journey.

No more earthly constraints for the recently departed and the many components in this design represent a very full life. The plastic Deko tray has water storage space and four strings to hold an OASIS® Bio Floral Foam Brick in place.

A non-skid base gives enormous security to every arrangement.

FLOWERS AND FOLIAGE

- Cordyline leaves - variegated
- Dahlias
- English Box foliage
- Eucalyptus longifolia
- Hedera Ivy trails
- Lisianthus
- Magnolia leaves
- Queen Anne's lace
- Rhipsalis
- Succulents
- Tillandsia 'Air Plant' - assorted
- Tillandsia 'Old Man's Beard'
- Zantedeschia

SUNDRIES

- Deko with Strings Base for Floral Foam
- Floralife® Finishing Touch
- Floralife® Quick Dip
- OASIS® Bio Floral Foam Brick
- OASIS® Floral Mesh Roll

Step 1. Soak and fasten OASIS® Bio Floral Foam Brick onto a Deko Base with Strings. Base the container with sprigs of Eucalyptus, Hedera Ivy trails, variegated Cordyline leaves, English Box and Magnolia leaves.

Step 2. Cut 40cm of OASIS® Floral Mesh Roll and place on top of the container. Dip Lisianthus stems in Floralife® Quick Dip and place inside the 'wire tunnel'. Dip the Zantedeschia stems as well before inserting on the edge of the container to establish desired length.

Step 3. Add Dahlias to link the Zantedeschias from one end to the other and insert succulents for textural contrast. Complement with Queen Anne's Lace then tie some Air Plant Tillandsia on top of the Mesh.

Step 4. Drape Tillandsia 'Old Man's Beard' over the Air Plant to create a negative space and to exaggerate the curvature of the Mesh. Spray completed design with Floralife® Finishing Touch.

FLOWERS AND FOLIAGE

- Berzillia Berries
- Bird's Nest Fern
- Carnations
- Chrysanthemums disbud
- Cordyline leaves
- Magnolia leaves
- Succulents assorted
- Tillandsia 'Spanish Moss'
- Tree bark
- Zantedeschia

SUNDRIES

- Floralife® Finishing Touch
- Floralife® Quick Dip
- Natural Hessian Roll
- OASIS® NATUREBASE® Bio Florette Grand
- Rustic Grapevine Wire

Say it with Succulents

Carefully placed leaves and lilies lie peacefully on a bed of natural hessian.

Above them a pair of perky succulents give a sense of fun and optimism. The hessian is biodegradable as is the OASIS® NATUREBASE® Florette Grande which is made using OASIS® Bio Floral Foam. It comes with a biodegradable base that is hard, durable and waterproof. It looks, feels and performs like plastic even though it's made from a paper-based polymer.

Step 1. Fasten a piece of tree bark on the side of the OASIS® NATUREBASE® Bio Florette Grande. Insert layered stems of Cordyline on the base to establish the desired length, follow this through with stems of Bird's Nest fern and Magnolia leaves.

Step 2. Dip Zantedeschia and Chrysanthemum stems in Floralife® Quick Dip before inserting into the foam. Complement the Zantedeschia with Carnations and Succulents. Use sprigs of Berzillia and Spanish Moss as transition materials.

Step 3. Place a Bird's Nest Fern beside the Chrysanthemums and bend it forward to create a curved look. Insert a couple of Succulents to establish a focal area.

Step 4. Shape the Rustic Grapevine Wire into a sphere then attach to the edge of the design for extra form and texture. Spray completed design with Floralife® Finishing Touch.

All products available at www.oasisfloral.com.au

Circle of Life

A ring becomes a heart when it is filled with foliage and love.

Criss crossing parallel lines of Tulips and Zantedeschia ensure that the centre of the ring is completely covered. Eucalyptus and Banksia leaves have already been inserted to develop a heart shaped boundary.

NATUREBASE® Rings have been pre-cut from OASIS® Bio Floral Foam before being placed into a biodegradable non-slip base. Use these rings to create ecofriendly tributes and this one even includes a lavender keepsake.

A guarantee that this beautiful design won't be forgotten.

Designer: Richard Go Photographer: Craig Peithopa

OASIS® Naturebase®
Bio Floral Foam Ring
Product code: 11-00838
Size: 30cm
Pack quantity: 2 pieces

All products available at www.oasisfloral.com.au

Step 1. Soak OASIS® NATUREBASE® Bio Floral Foam Ring and pin some Spanish moss around it. Insert clusters of Banksia and Eucalyptus leaves to establish a rough heart shape

Step 2. Dip Zantedeschia and Tulip stems in Floralife® Quick Dip before inserting into the foam base. Criss cross the Tulip stems with the Zantedeschia stems in a weaving pattern.

Step 3. Add focal point with short stems of Tulips pavéd next to a bed of Hypericum berries. Use OASIS® Bindwire to bundle up Lavender then lay it parallel to Tulips and a twig that has been positioned off-centre.

Step 4. Bundle of Lavender can be removed from the 'heart' design after the service as a keepsake. Spray completed design with Floralife® Finishing Touch.

FLOWERS AND FOLIAGE

- Banksia leaves
- Eucalyptus longifolia
- Hypericum berries
- Lavender
- Tillandsia 'Spanish Moss'
- Tulips
- Twig
- Zantedeschia

SUNDRIES

- Floralife® Finishing Touch
